

I, _____ on _____ acknowledge the following:

Jimenez Arms was forced to file for bankruptcy following a frivolous lawsuit filed by Kansas City that, despite Federal Law protecting firearms manufacturers, it is being allowed to proceed. The result of this is there is **currently no manufacturer support or warranty repairs available** for Jimenez Arms pistols. I have emailed with a representative of the company and they do expect to reopen but it is unknown when or in what capacity.

We are selling the on hand inventory at a discounted price, each pistol has been test fired to verify function. All pistols have had at least 3 rounds fired with each magazine to ensure it is functioning properly.

ALL buyers will be required to sign this statement accept the following conditions:

- **No manufacturer warranty support is available**
- **Pistols are sold as-is**
- **All sales are final**
- **Keel Mountain Munitions, LLC is not responsible for any returns, repairs, or replacements.**
- **There will be no credit/debit card sales for these firearms, cash or US Postal Service (USPS) money order only. No other type of MO accepted.**
